

Together at last . . .

Monitor and VCR in one solid, good-looking mount

SAVE SPACE

Create an attractive installation and save space by combining your Video Cassette Recorder/Player with any size monitor in a Peerless VCR Enclosure. You can even stack two or three VCR's, one on top of the other.

The Peerless VCR Enclosure is easily attached to one of our Single Arm Style wall mounts, a standard Yoke Style mount, or a Peerless JUMBO® mount. [Also available as a desktop mount for some monitor sizes.]

PROVIDE SECURITY

Each VCR Enclosure comes equipped with Peerless' unique Penta-Pin™ tamper-resistant fasteners to make your VCR installation as secure as possible.

For either wall or ceiling mount order:
Model No. 040-081-02.

C-LINE MOUNTS

From Peerless

Good Looking, Easy set up mounts for wall or ceiling installation

Throughout years of providing TV and video monitor mounts for commercial markets we have often heard people say, "I'm looking for something that I could put up in my den (or kitchen, or bedroom, or rec room). Something that's easy to put up, looks good, and gets the TV up off the furniture."

We went to work to design such a mount for you and now, for the 1991 season, here it is! The C-LINE mount. We can offer you four variations of the C-LINE, in fact, which we think will be ideal for just about any home or office use for sets between 19" and 27" screen size.

Look at these features and benefits:

- Adjustable tilt (0° - 12°) and continuous swivel provide perfect viewing angle from any point in the room.
- Most of the mount is hidden behind and above the set. The result is an attractive installation with clean, simple lines
- Few component parts in the C-LINE mount means EASY ASSEMBLY
- Satin black powder coat finish blends in nicely with most current model TV sets
- Universal mounting tray with random hole pattern to accept most make and model TVs (within the allowable size range)

Order using these Model Numbers

MODEL NO.	DESCRIPTION	TV SIZE
CLW 020	C-LINE Wall Mount with 16" wall arm	19" - 20"
